

Earl Stewart Toyota of N. Palm Beach

TIRES FOR LIFE PROGRAM

When you purchase a New or Certified Used Toyota vehicle from Earl Stewart Toyota, you will enjoy the benefits of Tires for Life! This value is yours for as long as you own your vehicle and continue to have your recommended factory maintenance done by us.

Your tires will be replaced when normal, even wear causes the tire tread depth, with proper inflation, to fall below 3/32 of an inch. This is greater than the standard recommended by the National Highway Traffic and Safety Administration. Earl Stewart Toyota limits the replacement value of the tires to \$700.00 per set (\$175.00 per tire). You are responsible for paying any amount over these limits. No lifetime limit with same owner. Wear on the sides of the tires from under inflation is not covered, nor is wear due to misalignment. It is your responsibility to cover the cost of mounting and balancing your replacement tires. It is also your responsibility to pay for the alignment if this is found to be necessary ____.

You are required to have Earl Stewart Toyota perform 100% of your factory recommended maintenance as scheduled by Toyota to receive this benefit. The maintenance schedule recommended by the manufacturer is located within your owner's manual. **Maintenance is required to be done every six (6) months or 5,000 miles (whichever comes first).** This means you will need to visit the dealership a minimum of two (2) times per year _____. You must also check and maintain your tire pressure to the factory recommended level at least monthly. We will perform this service for you at no charge any time. You must allow us to check, rotate, balance and/or align your tires as needed.

Vehicle cannot be part of a rental or commercial fleet, or livery or taxi vehicle.

If you wish to have additional protection against damage caused by road hazard, you may purchase a Liberty Protection Road Hazard policy available to all of our customers. Please inquire in the Finance Office to learn more about this valuable protection.

You are not required to purchase any service or maintenance plans to receive this benefit.

I have read and understand the terms and conditions of the Tires for Life program.
